

## Dealer Advisory

# OEM Spindle Bearing Clarification

<b>Advisory Type</b>	Informational
<b>Affected Units</b>	RZ-C, RZ, RT, SRT, KG, and KGZ.
<b>Situation</b>	A concern was raised by some dealers at NDM '23 about replacement spindle bearings being a different design than the original OEM spindle.
<b>Factory Action</b>	Customer Care has confirmed that the bearings that are being shipped out from Spartan Parts are the original bearings (Peer 6206RSTFP and 6205RSTFP-16) that come in factory spindles.
<b>Dealer Action</b>	Upon delivery, if there is any question on bearing specs, dealers can verify the bearings to be "Peer 6206RSTFP" (RZ, RT, SRT, KG, and KGZ) or "Peer 6205RSTFP-16 (RZ-C) by inspecting the seals as shown in the pictures to follow.

**Peer 6206RSTFP (RZ, RT, SRT, KG, and KGZ)**

**Peer 6205RSTFP-16 (RZ-C)**
